

UPCOMING RAMP OPENINGS ON I-94 WEST

As part of the Zoo Interchange Project, the I-94 West to I-41/894 South system ramp is scheduled to reopen on Tuesday, June 26 by 5AM. In conjunction with this opening, the 84th Street westbound entrance ramp access to I-41 North and I-41/894 South will reopen as well.

Please note that your GPS may not yet be up to date with the new freeway design, so watch directional signage closely. As always, plan ahead and allow for extra time as you navigate the new ramps.

*** All construction activities are weather dependent and subject to change.**
